All I know is what I've been sold  
You can read my life like a fortune told  
I've seen the dream, there's now land of Oz  
But I got my brain and I got a heart  
And courage built I won't let go  
What we need right now is.....soul  
I can't do this, you can't do that  
They feed us lines but I won't act  
And all good things will come to pass  
But the truth is all you have to have  
And would you lie for it?  
(Do you) cry for it?  
(Would you) die for it?  
Would you  
I believe, I believe  
With every breath that I breathe  
You and me can turn a whisper to a scream  
I believe, I believe  
You gave it all, then you gave more  
You know what you came here for  
You'll pay the cost, like it's your cross to bear

Are we the ones that put it there

Would you scream for it, scream for it, bleed for it,

Would you

I believe, I believe

Believe we're still worth

The fight you'll see

There's hope for this world tonight

I believe, I believe

Don't look up on your movie screens

In record stores or magazines

Close your eyes and you will see

That you are all you really need

(CHORUS
