You know your favorite old pair of shoes
The ones with the hole in the toe
You won't lose
Your favorite record
That's all scratched and used
But still you love to play
when your feeling blue

That faded rose that's all dried out
Those Bukowski poems we couldn't live without
Your high school picture
when you had wild hair
That stormy day on the beach
that got us here

Oh, you better believe there's just one thing you
need
Can't you see...

Chorus: It's just me baby
It's just me baby
If there's just one thing
that you should keep
In your book of dreams
It's just me baby

Just like a shadow 10 feet tall
Standing right behind you
should you fall
I'll be the one to hold you up
to walk
When this wicked world makes us want to crawl
And if your waves should ever break at sea
I'll be there waiting,
I'm that sandy beach
I'm that same old dog,
scratching those same fleas
I'll be by your side,
you can count on me

Chorus

It's just me baby
What's it gonna take to make you see
What's it gonna take 'til you believe in me
Oh, how my smile fades and my heart just breaks
Every time you go away

Chorus

It's just me baby
What's it gonna take to make you see
What's it gonna take 'til you believe in me
And if someday some new memory comes
along
Looking shiny new, feeling really strong
You can tell him that I'll tell him
He can just move on
I'm a fighter
- I've been fighting for you all night long
It's just me baby
