Come see a living, breathing spectacle  
Only seen right here  
It's your last chance in this lifetime  
The line forms to the rear  
You won't believe your eyes  
Your eyes will not believe your ears  
Get your money out, get ready  
Step right up, yeah you, come here

You ain't seen nothing like him  
The last one of the breed  
You better hold on to your honey  
Honeys, don't forget to breathe  
Enter at your own risk, mister  
It might change the way you think  
There's no dancers, there's no diamonds  
No this boy he don't lip synch

Here's the last man standing.  
Step right up, he's the real thing.  
The last chance of a lifetime.  
Come and see, hear, feel, the real thing.

See those real live calloused fingers  
Wrapped around those guitar strings  
It breaks the heart to hear him sing  
The songs were more than music  
They were pictures from the soul  
So keep your pseudo-punk, hip-hop, pop-rock junk  
And your digital downloads

Here's the last man standing.  
Step right up, he's the real thing.  
The last chance of a lifetime.  
Come and see, hear, feel, the real thing.

Take your seats now, folks. It's show time.  
Hey, Patrick hit the lights  
There's something in the air  
There's magic in the night  
Now here's the band, they really play  
I'll count the first one in

I don't know where it's going  
We all know where it's been

Here's the last man standing.  
Step right up, he's the real thing.  
The last chance of a lifetime.  
Come and see, hear, feel, the real thing.

Here's the last man standing.  
Step right up, he's the real thing.  
The last chance of a lifetime.  
Come and see, hear, feel, the real thing.

The last chance of a lifetime  
Come and see, hear, feel, the real thing
