This world don't give you nothing
It can't take away
Everybody holding on to something
Nobody wants to fade away
No forgiveness on the streets of this town
I left my patience at a traffic light
There's no denying that I almost lost it
Threw in the towel
Too tired to fight

Tonight I need you
More than yesterday
Tonight I need you

Take me, touch me
Hold me like you mean it
Make me come alive

Hurt me, heal me
Come and make me feel it
Rescue me tonight
Love me back to life

These days I'd trade sight for feeling
There are days my feeling's gone
Can't figure out whose life I'm living
I don't know right from wrong
When I lost faith
You found it and gave it back to me
There's a new light on your halo

It took blind eyes to see
That I need you
More than yesterday
Yeah, I need you

Take me, touch me
Hold me like you mean it
Make me come alive

Hurt me, heal me
Come and make me feel it

Rescue me tonight
Love me back to life

take me touch me
hold me like you mean it
make me come alive

Come on hurt me heal me
come on make me feel it
rescue me tonight
love me back to life
come on love me back to life
come on love me back to life
