It was happy at the start  
When you offered me the part  
Didn't think it would turn out bad  
I didn't think it would turn out bad

We agreed to go awhile  
And it all was on a handshake and a smile  
Didn't think it would turn out bad  
I didn't think it would turn out bad

'Cause it looked okay to me  
But I guess you shouldn't be too sure of yourself  
Didn't think it would turn out bad  
Didn't think it would turn out bad

And now I see that I was incorrect  
But that's easy here in retrospect  
All our friends said "What's the fuss?"  
Didn't you know that these things happen to the best of us?

Didn't think it would turn out bad  
Didn't think it would turn out bad

So if you're taking me to task for it  
You should know I didn't ask for it  
Oh and as for my defense  
I can swear it made sense to me at the time  
Didn't think it would turn out bad

So now its safe to say  
That I really should have run the other way  
I didn't think it would turn out bad  
Didn't think it would turn out badly  
Didn't think it would turn out bad  
Didn't think it would turn out badly
