I came up to the flame of the candle  
I burned myself on you  
Tried not to show as I got in the glow  
I hoped it would turn out all right  
And indeed as I crawled back to bed on my own  
Thinkin' I'd do it again  
I was sure of the dawn and straight through the mor-  
orn'  
But they have come to an end  
And brought that same old feelin' again  
Same old feelin' agai-ain  
When street light comes to an e-e-end  
Same old feelin' again  
All those lives you were dreamin', lies you were  
schemin'  
Will never come true-ue  
After a while you forgot how to smile  
Baby what's gonna become of you  
The picture, the lashes, the smile from all the east  
coast babies  
Said you were a star-ar  
And your heart goes out to those who fell by the  
wayside  
Bleeding from your rock and roll scar  
I get that same old feelin' agai-ai-ain  
Same old feelin' agai-ain  
When street light comes to an e-end  
Same old feelin' again  
And again and again and again and again  
I got that same old feelin' again  
Same old feelin' again (same old feelin')  
Same old feelin' again (same old feelin' again)  
Same old feelin' again (same old feelin' again)  
Same old feelin' again  
Same old feelin' again (street light comes to an end)  
Same old feelin' again (same old feelin' again)  
Same old feelin' again (Ahh...hah-ah)  
Same old feelin' again  
Same old feelin' again  
(And again and again and again ...)  
Same old feelin' again

Same old feelin' again [fade]
