Hey, it's me again  
Plain to see again  
Please can I see you every day?

I'm a fool again  
I fell in love with you again  
Please can I see you every day?

You didn't know what you were looking for  
Till you heard the voices in your ears  
You didn't know what you were looking for  
Till you heard the voices in your ears  
Words don't come out right  
I try to say it all so right  
I hope you understand my meaning

Hey, it's me again  
I'm so in love with you again  
Please can I see you ever day?

You didn't know what you were looking for  
Till you heard the voices in your ears  
You didn't know what you were looking for  
Till you heard the voices in your ears

I remember every word you said  
I remember voices in my head  
I remember every word you said

Ooo...

I heard your voice  
It was just what I needed to  
Voice don't seem right  
It was just what I needed to  
Warm voices  
Cool voices  
Your voices  
It was just what I needed to  
Warm voices  
Cool voices  
It was just what I needed to

Just what I needed

You didn't know what you were looking for  
Till you heard the voices in your ears  
You didn't know what you were looking for  
Till you heard the voices in your ears  
You didn't know what you were looking for

Ooo...

You didn't know what you were looking for
