Words are not enough
To show the way I feel about you
Though the times might get rough
I know that I-I-I, I will always want you
Times gone by, I never knew
What a woman in love could really do
People say love just comes and goes
But with you sweet babe
This never could be true...
Time is not long enough
To do all the things you want to do-oo
So I'm gonna make sure that I spend my time
Lying here, lying here with you...
Baby, you're the fire that heats my soul
The warmth you give could never grow cold
I don't know how long we'll last
As long as you're here, that's all I ask
The words are not enough
To show the way I feel about you
Though the times might get rough
I know that I-I-I, will always want you...
Ooh-ooh, you're the fire that heats my soul
The warmth you give could never grow cold
I don't know how long we'll last
As long as you're here, that's all I ask
(You're the fire) You're the fire that heats my soul
The warmth you give could never grow cold (never
grow cold)
I don't know how long we'll last
As long as you're here, that's all I ask
(You're the fire) you're the fire that heats my soul
(warms my soul)
The warmth you give could never grow cold
(I don't know) I don't know how long we'll last
As long as you're here that's all I ask
(Oh that's you) You're the fire that heats my soul
(warms my soul) [fade]
