It's always nice to find
A little love along the way-ay
I'm thankful for your time
You know I'd really like to stay-ay
But I'm a singer, not a lover
And I've got some grou-ound to cover
Oklahoma is expectin' me today

Well, maybe I won't be a star
Or find myself a na-ame
And maybe I won't find
Another love that's quite the sa-ame
So you'd better just forget it
I know someday you-ou'll regret it
I don't want you to be sorry that I came

And everytime I sing a love song
I'll be singin' this to you-ou
Everytime I sing a love song
I'll know all the words are true
Though a thousand ears will hear me
In some smokey crowded pla-ace
And a thousand eyes will see me
I will only see your face...

Someday I will say goodbye
It's a song I've sung before-ore
So let me sing it now
Before I hurt you any more-ore
And when love comes back to find you
I hope that he-e'll remind you
Of the one who said
He loved his music more-ore

And everytime I sing a love song
I'll be singin' this to you-ou
Everytime I sing a love song
I'll know all the words are true
Though a thousand ears will hear me
In some smokey crowded pla-ace
And a thousand eyes will see me

I will only see your face...

Ooh, everytime I sing a love song
I'll be singin' this to you-ou
Everytime I sing a love song
I'll know all the words are true
Though a thousand ears will hear me
In some smokey crowded pla-ace
And a thousand eyes will see me
I will only see your face...
