Like a whisper i-in wind
You reached far, deep withi-in
Quietly building my hopes and my confidence
Do you think it's gonna be worthwhi-i-ile

Mm, I feel life has only just begu-un
I feel our love is second to no-one
I feel our life flowin' full on and positive
Do you think it's gonna be worthwhi-i-ile
If we're given ti-ime

We'll fill the oncoming year-ears
If we're given time
We'll penetrate all our fear-ears
If we're given time
We'll dedicate all the love we saved so patiently
If we're only given time

To climb a mountain si-ide
We take it all one step at a ti-i-ime
With perseverance is courage in a man
Do you think it's gonna be worthwhi-i-ile
And if we're given time

We'll fill the oncoming years
If we're given time
We'll penetrate all our fears
If we're given time
We'll dedicate all the love we saved so patiently
If we're only given time

We'll fill the oncoming year-ears
If we're given time
We'll penetrate all our fear-ear-ears
If we're given time
We'll dedicate all the love we saved so patiently
If we're only given time
If we're only given time
