Oooh - Your dark ni-ights, hypnotise
The look of love is in your eyes
But somethin' tells me I've been takin' for a ride

Nights are lonely, telephone
I'm callin' your number, there's no one ho-ome
No suspicion - like suicide

Well I'm caught in the rain in a sand castle
Tryin' to shelter insi-ide, I ain't gonna live in a sand
castle
That's only gonna last till the next high tide

In the mornin' I'm lyin' in bed
Thoughts of you are runnin' through my hea-ead
It's hard to listen when someone is tellin' you lie-ies

Confrontation, your crocodile cries
Lipstick, glitter, gonna socialise
I can't make it, I've given it too many trie-ies

Well I'm caught in the rain in a sand castle
Tryin' to shelter insi-ide, I ain't gonna live in a sand
castle
That's only gonna last till the next high tide

I've been stepped on, fed up, your peckin' hen
I ain't had no lovin' since I don't know when
Laughin', cryin', playin' a game, livin' a lie and all the
same

I'm talkin' to you now, come on baby, light my fire
I need lovin' like a funeral pyre
Somebody's talkin' and somebody called me liar

Well now, confrontation, your crocodile cries
Lipstick, glitter, gonna socialise
I can't make it, I've given it too many trie-ies

Well I'm caught in the rain in a sand castle
Tryin' to shelter insi-ide, oh, I ain't gonna live in a sand

castle
That's only gonna last till the next high tide

Well I'm caught in the rain in a sand castle
Tryin' to shelter insi-ide, oh, I ain't gonna live in a sand
castle
That's only gonna last till the next high tide
