"Time To Move"

Every time I hear this groove, it makes me want to
move.
Must be the feeling it brings to you that makes you feel
what to do.
I know I can't keep still so I don't try to hold you within.
When it comes, I start to yell, the next will be down on
the floor.

Green lights start to flash, telling me it's time to go.
Sirens start to sound, that means for me to get on
down.
It's time to move, time to get loose, anywhere you are.
It's time to groove, me and you out there on the floor.

There's no way to keep on grooving, no matter how you
try.
And around, you feel that pain, I wouldn't tell you no lie.
Mister DJ, let the music play, play it all night long.
There's something, the rhythm of the beat that makes
me carry on.

Green lights start to flash, telling me it's time to go.
Sirens start to sound, that means for me to get on
down.
It's time to move, time to get loose, anywhere you are.
It's time to groove, me and you out there on the floor.

Feeyy it's time to let out the flow control, feeyy it's time
to boogie.
Feeyy it's time to let out the flow control, feeyy it's time
to boogie.

Time to move, time to groove.
It's time to move, time to get loose, everybody on the
floor oh oh.
It's time to go some more oh oh oh oh.
Come on, get on down. Come on ! All night long.

Time to break it all down, do it all around.
Time to break it all down, do it all around.
Time to break it all down, do it all around.
