I'm not sure why it always goes downhill
Why broken cisterns never could stay filled
I've spent ten years singing gravity away
But the water keeps on falling from the sky

And here tonight while the stars are blacking out
With every hope and dream I've ever had in doubt
I've spent ten years trying to sing these doubts away
But the water keeps on falling from my eyes

And heaven knows, heaven knows
I tried to find a cure for the pain
Oh my Lord, to suffer like You do
It would be a lie to run away

So blood is fire pulsing through our veins
We're either riders or fools behind the reigns
I've spent ten years trying to sing it all away
But the water keeps on falling from my tries
And heaven knows, heaven knows
I tried to find a cure for the pain
Oh my Lord, to suffer like You do
It would be a lie to run away
A lie to run, it would be a lie
It would be a lie to run away

It keeps on falling (x4)
Water keeps on falling from my eyes

And heaven knows, heaven knows
I tried to find a cure for the pain
Oh my Lord, to suffer like You do
It would be a lie to run away
It would be a lie to run away
It would be a lie to run away
