An hour ago
I felt so low I almost drowned
Driving around this
Messed up town

It's pretty, it's only, I felt so lonely
And I knew all night
I'd never find a face that could understand
How much I miss you now

And so I arrive at the conclusion
Love isn't made
Love doesn't sell or pay
But we buy and sell our love away

Escape to the water and stare up
At the stars and moon and sky
I was lying on my back
With my fingers in the sand

Alone in Miami
It sounds so funny and yet here I am
It's funny how life
Is seldom what you plan

And so I arrive at the conclusion
Love isn't made
Love doesn't sell or pay
But we buy and sell our love away

Don't let the panic bring you down
Don't let the panic bring you down
Don't let the panic bring you down
Love isn't made

(Don't let the panic bring you down)
How could we have let this go?
(Don't let the panic bring you down)
How could we have almost lost it all?

(Don't let the panic bring you down)
Don't let the panic bring you down

(Don't let the panic bring you down)
How had we forgotten love isn't made
