I've been lost  
on these endless streets  
such a long,  
long way from home  
While you're stuck  
in an empty room  
as you wait for me to show

You are always on my mind  
You are always on my mind  
Always on my mind

When i sleep every dream  
is you filling up this empty bed  
I awake to the sound of your voice  
but it's only in my head

You are always on my mind  
You are always on my mind  
Always on my mind

I always thought i could make it  
Alone but you make it so hard to leave
