(Verse 1)

There are times every now and then
I forget why I'm breathing out
and why I'm breathing in
and I get so sick with the little things
I cant relax when it's happening
to know what it means
it means

(Chorus)

and then I open my eyes
and I know you're beating my heart
Beating my heart
Look at the sky
I know you're beating my heart
Beating my heart
I go extra miles to show
That you are the one thing that I've got
Look at the sky
I know you're beating my heart
Beating my heart

(verse 2)

there's a sun coming over the horizon
i wanna know where its coming from
but doesnt everyone
its like who am i
and why am i here

(chorus)

and then i open my eyes
and i know youre beating my heart
beating my heart

look at the sky
i know youre beating my heart
beating my heart
i go extra miles to show
that you are the one thing that ive got
look at the sky
i know youre beating my heart
beating my heart

(bridge)

this whole world will take me down
without you standing by my side
my side
you're holding onto me
you're making everything inside
come alive

(chorus)

and then i open my eyes
and i know you're beating my heart
beating my heart
look at the sky
i know you're beating my heart
beating my heart
i go extra miles to show
that you are the one thing that i've got
look at the sky
i know you're beating my heart
beating my heart
