Unexpected
Understatement of the year
That's for sure
Who'd of thought that
I'd be standing at your door

It's just the way you say my name that throws me
All the windows of my past are closing
And everything that you see

Is for you from me
I'd give it away so easily
Never stopped to look at what's behind
For you from me
Everything we want will be
Holdin' us together tonight
Tonight

Unexpected
I'm not used to chasin' dreams
And catchin' them
All of a sudden
I'm a winner in the end

I'm used to every door I open closing
Always makin' sure I'm not supposing
I can't believe how real they get

Is for you from me
I'd give it away so easily
Never stopped to look at what's behind
For you from me
Everything we want will be
Holdin' us together tonight
Tonight

We will never fall
We'll defy the laws of this love
Rulers of our own
That's the way I feel
Stupid but for real
All I am is...

Is for you from me
I'd give it away so easily
Never stopped to look at what's behind
For you from me
Everything we want will be
Holdin' us together tonight
Tonight
