There's nothing left to say here
We have it already scream
Maybe it's better not say
What we really means

You got the money
But I got the dog
It's hard all night long

We try our very best
But that wasn't good enough
We could pass any test
That wasn't good enough for love

There's nothing more that can hurt us
Damage is already done
I truthly believe you deserve this
Find someone, find someone

I got my reasons
You got your pride
Neither of you can hide

We try our very best
But that wasn't good enough
We could pass any test
That wasn't good enough for love

We said it's over
How there's no soul
Maybe we give it
One more chance
Everyone make it
What can't we fade
Just give me one more day

We try our very best
But that wasn't good enough
We could pass any test
That wasn't good enough for love
