Entering a room
on an autumn night
I ran across
a beautiful sight
From that point on
when i was
not looking
at her i said,
nothing else
looked quite right
Now i was not about
just to let this go
I wasn't gonna leave
and not know
the way
her voice sounded
Against my ears
So i went over
to say hello
And i whispered
in her ear
real slow i said

[Chorus]
The stars moved
when you
walked in the room
That's why
i'm talking to you
My heart
won't beat
in the groove
unless
i'm talking to you
i know
i'm not
the only fool
with eyes
And you'll
get attention
from all
the other guys

I'm gonna
stand here
til you realize
why i am talking
to you

Now i had
to take a minute
to take her in
I did not know
where to begin
Cause i was just
moved by the way
she dressed
and the way
her dress
hit her skin
Any girl
who's met any guy
will know
that some guys
are just for show
So i looked
into her eyes
and i said
this is as true
as the truth goes
I'm gonna make sure
i let everybody
know that

[Chorus]

Let me
take a minute
to explain myself
Let me say
some words
that may help
The reason why
i've got to be
close to you
is just
that i don't want
nobody else
I'm gonna make sure
i keep you
all to myself

[Chorus]
