Still waters, heavy hearts  
Plans we make all fall apart  
Disillusioned and lost in the gray  
How can we fix the heart when it breaks  
Don't know how much more you can take

Chorus:  
Just give it time  
It's gunna get better  
Now is not forever at all  
Just give it time  
Everything changes  
Tomorrow comes today will be gone  
Everything's gunna be alright  
Just give it time, Give it time

Quiet landslide when nobody knows  
Regretted decisions that nobody chose  
Under water and sinking fast  
No way out no way to get back  
What might have been is lost in the past

Chorus:  
Just give it time  
It's gunna get better  
Now is not forever at all  
Just give it time  
Everything changes  
Tomorrow comes today will be gone  
Everything's gunna be alright  
Just give it time, Give it time

When the world you're in is still again  
And it all fades out  
You've reached the end, begin again now

Chorus:  
Just give it time  
It's gunna get better  
Now is not forever at all  
Just give it time  
Everything changes

Tomorrow comes today will be gone(2x)  
Everything's gunna be alright(2x)  
Just give it time
