I'm lying on a Tuesday morning  
with nothing right to say  
and living in a peace that saves me  
now there's something in the way

Believe me when I say to you  
there's nothing I can do  
cause in my head a song is playing  
maybe a song for your dismay  
but I'm not strong enough to close that door  
but I try and walk away

Believe me when I say to you  
there's nothing I can do  
but tell myself that the smiles she gives  
are not for me  
but it's so hard when her smile is all I have

And I'm gonna try  
to keep this feeling for you at some distance  
but the sweetness of your face is what I'll find  
and I guess it's time I found my spot in line

The time I spend with you is plagued now  
with all the words that I can't say  
and I don't think that I can last much longer  
In this role I have to play

But believe me when I say to you  
theres nothing I can do  
but tell myself that the smiles she gives  
are not for me  
but it's so hard when her smile is all I have

And I'm gonna try  
to keep this feeling for you at some distance  
but the sweetness of your face is what I'll find  
and then tell myself that the smiles she gives  
are not for me  
but it's so hard when her smile is all I have

And I'm going to try and keep  
this feeling for you at some distance  
but the sweetness of your face is what I'll find  
and I guess it's time I found my spot in line  
one day I'll find my spot in line
