Now entering a room on an autumn night
I ran across a beautiful sight
From that point on when I was not looking at her
I said, nothing else looked quite right

Now I was not about just to let this go
I wasn't gonna leave and not know
The way her voice sounded against my ears
So I went over to say hello
I whispered in her ear real slow

I said, the stars moved when you walked in the room
That's why I'm talking to you
I said, my heart won't beat in the groove
Unless I'm talking to you

Oh, I know I'm not the only fool with eyes
And you'll get attention from all the other guys
I'm gonna stand here 'til you
Realize why I am talking to you

Now I had to take a minute just to take her in
I did not know where to begin
'Cause I was just moved by the way she dressed
And the way her dress hit her skin

Any girl who's met any guy will know that
Some guys are just for show
So I looked into her eyes and
I said, ooh this is as true as the truth goes
I'm gonna make sure I let everybody know that

The stars moved when you walked in the room
That's why I'm talking to you
I said, my heart won't beat in the groove
Unless I'm talking to you

Oh, I know I'm not the only fool with eyes
And you'll get attention from all the other guys
I'm gonna stand here 'til you
Realize why I am talking to you, oh

Let me take a minute to explain myself
Let me say some words that may help
The reason why I've got to be close to you
Is just that I don't want nobody else
I'm gonna make sure I keep you all to myself

'Cause the stars moved when you walked in the room
That's why I'm talking to you
I said, my heart won't beat in the groove
Unless I'm talking to you

Oh, I know I'm not the only fool with eyes
But if I can't have you, I'm going to die
I'm gonna stand here 'til you realize
I'm gonna stand here 'til you realize
I'm gonna stand here 'til you realize

That's why I'm talking to you
That's why I'm talking to you
That's why I'm talking to you

That's why I'm talking to you
That's why I'm talking to you
That's why I'm talking to you
