I can see you as you drive away, even feel your kiss
good-bye
I didn't know what I should say or do, I still don't
know why

There're no words that can describe my pain,
There's no recipe or cure,
Maybe there is something I don't know, only one thing
is sure

That I will miss you endlessly, and there's nothing I
can do
'Cause I will never ever see,
How beautiful my world would be with you

You were dancing on an empty beach, only lighted by
the moon
Running naked in the pouring rain
Writing "I love you, see you soon"

What happened, what did I do, what happened to us
I got no clue - only one thing is sure

That I will miss you endlessly, and there's nothing I
can do
'Cause I will never ever see,
How beautiful my world would be with you

I know your love, was true and pure
And though you broke my heart I don't regret a thing
I just know for sure

That I will miss you endlessly, and there's nothing I
can do
'Cause I will never ever see,
How beautiful my world would be with you
