Iâ€™m looking, looking for the heart that Iâ€™ve broken
Couldnâ€™t see it, just couldnâ€™t see the love that you
opened

Now Iâ€™m caught in between the present and past
Can I get to where I was?
Will you give me a chance will you try once again
Being just the two of us

Give me a hope, give me a sign girl
'Cause Iâ€™m loosing you in my world
I canâ€™t go on, thinking about you, come on, give me,
give me hope

Something happened, I didnâ€™t think you had to worry
But you left me, and everything in such a hurry

Iâ€™m sorry about the way that I was, I just didnâ€™t treat
you right
Now I know how close you came to my heart
Baby, tell me where youâ€™re hiding

I always seem to get it wrong
You donâ€™t know what you got until itâ€™s gone
Give me just a second chance, baby, please

Sometimes A Dream Comes True

Baby I have failed to understand
Why you didnâ€™t leave me, for another man

Tell me why, you never said a word
Why you never questioned, the things you heard

Now you know, that itâ€™s true, nothing happened that
night
I just couldnâ€™t imagine my life without you by my side

'Cause sometimes a dream comes true
Thatâ€™s why Iâ€™m here with you, believe you can do it,
look at me
Let the love lift us up, may our hearts never stop

Baby, sometimes dreams come true at night

Don't let go, just listen to your heart
Hold on to the love that just may break apart

'Cause I'm right here by your side, what I did then,
was right
I was always meant for you

Now you know that it's true, nothing happened that
night
I just couldn't imagine my life without you by my side

Take my hand let's walk, open up, let's talk
'Cause I'm right here, and right here I'll stay
