I got no money.
I spent it all on a big black Cadillac, yeah honey
Gonna ride, ride, ride, like Kerouac, cross-country
3000 miles straight to the coast where it's sunny
From 1 to 10 I think you are the most bonita, Linda
senorita
Why you wanna see how far I crawl

One's thing for sure this town won't change
I can't believe you wanna stay
Is there nothing that I can say
Won't let you die in your sweet pain
Hear me now, I got the ride
I'm gonna leave this town tonight
For all I know, I could be king, if you would only be my
Gypsy Queen

It might sound funny
Gonna open up a little coffee shop on Sunset
Where mentally challenged people love to stop
And I cook them the best sunny side up and whole
wheat toast
And I tell them from 1 to 10 I think you are the most
bonita, Linda seniorita
Why you wanna see how far I crawl

One's thing for sure this town won't change
I can't believe you wanna stay
Is there nothing that I can say
Won't let you die in your sweet pain
Hear me now, I got the ride
I'm gonna leave this town tonight
For all I know, I could be king
If you would only be my...
If you would only be my...
If you would only be my...
Gypsy Queen
