If I ever wanted to go down  
Go down with you  
Like an autumn leaf that fades to brown  
I'd fall down with you  
I said goodbye once before?

And if I go away, I'll be back again another day,  
another day  
You will see me standing there, with your photograph in  
my hand

I'm late but I'm still great, a great fool for you  
Love is like a slow, surreal parade on Fifth Avenue  
Watching the divas go by...

And if I go away, I'll be back again another day,  
another day  
You will see me standing there, with your photograph in  
my hand

But if I go away, I will think of you most every day most  
every day  
Darlin' don't misunderstand, my heart is in your hand

Isn't it a shame, isn't it a shame, all this time I've  
wasted playing the game  
Oh what a shame...

Like an autumn leaf that fades to brown  
I fall down with you

But if I go away, I'll be back again another day, another  
day  
You will see me standing there, with your photograph in  
my hand  
If I go away, I will think of you most every day, most  
every day  
Darlin' don't misunderstand...my heart is in your hand
