This is for my mom and my pop and my girl  
Yeah my girl who travels around the world  
All my good friends you know who you are  
Would you love me if I weren't a star

And for all the people that have come and said  
All the ugly things that are in my head  
And about the spirit that's beyond the flesh  
It's the only thing that gets me through this mess

Oh, I would have never made it this far  
I come back to you  
And I want to thank you  
For that special moment of perfect discontent  
Cause I would have never made it this far

I say hey to the dealers and the pimps and the whores  
And the preacher man outside my door  
Did you see the man from Amsterdam  
Said he be here at my house around 9AM

Ah, yesterday was so messed up  
It was all I could do to fill your empty cup  
I won't leave this city till my work is done  
And everyone will smile and say to everyone

Oh, I would have never made it this far  
Would have never made it this far  
I come back to you  
And I want to thank you  
For that special moment of perfect discontent

\* Instrumental break \*

I come back to you  
Yeah, I want to thank you for that  
Special moment of perfect discontent  
Cause I would have never made it this far  
Yeah, I never would have made it this far  
Oh, I would have never made it this far?
