Everywhere you walk, there is an empty place to sit
Ask me how to fall - I invented it
Who's who's love the past and what they left behind
Come give that shelter back, and change your face
with mine

Come enjoy the show that everybody sees
This useless thing I am
Darling what have you done to me?

I'm sitting down, no reason to get up
Where are you now, now that I'm kneeling?

I'm breathing every day, reminding myself to
Ask me why I stay - it's so you have a place to come
home to
Tell these arms to grow deep into my side
I've got to keep this overflow of heaviness inside

So don't you go kiss across the phone
The loneliness it brings
If I can't bring you back, why do I remember
everything?
I'm sitting down, no reason to get up
Where are you now, now that I'm kneeling?
I'm sitting down, no reason to get up
Where are you now, now that I'm kneeling?

Come enjoy the show, let everybody see
This useless thing I am
Baby what have you done to me?

I'm sitting down, no reason to get up
Where are you now, now that I'm kneeling?
I'm sitting down, no reason to get up
Where are you now, now that I'm kneeling?

Everywhere you walk, there is an empty place to sit
Ask me how to fall - I invented it

Every time I fall, I'm kneeling, kneeling
Every time I fall...
