She packed my bags last night, pre-flight Zero hour nine a.m. And IÂ'm gonna be high as a kite by then I miss the earth so much, I miss my wife ItÂ's lonely out in space, on such a timeless flight

And I think, itÂ's gonna be a long, long time Till touch down brings me 'round again to find IÂ'm not the man they think I am at home Oh. NO NO NO IÂ'm a rocket man Rocket man, burning out into the perihelion

And I think, itÂ's gonna be a long, long time Till touch down brings me 'round again to find IÂ'm not the man they think I am at home Oh. NO NO NO IÂ'm a rocket man Rocket man, burning out into the perihelion

Mars ainÂ't the kind of place to raise your kids In fact itÂ's cold as hell And thereÂ's no one there to raise them if you did And all this science, I donÂ't understand ItÂ's just my job five days a week, a rocket man, oh rocket man And I think, itÂ's gonna be a long, long time Till touch down brings me 'round again to find IÂ'm not the man they think I am at home Oh. NO NO NO IÂ'm a rocket man

Rocket man, burning out into the perihelion

And I think, itÂ's gonna be a long, long time Till touch down brings me 'round again to find IÂ'm not the man they think I am at home Oh, NO NO NO IÂ'm a rocket man Rocket man, burning out into the perihelion

And I think itÂ's gonna be a long, long time, oh And I think itÂ's gonna be a long, long time, oh And I think itÂ's gonna be a long, long time, oh And I think itÂ's gonna be a long, long time, oh And I think itÂ's gonna be a long, long time, oh And I think itÂ's gonna be a long, long time, oh

And I think itÂ's gonna be a long, long time, oh And I think itÂ's gonna be a long, long time, oh
