(Jon Randall)

Used to think in circles get all tangled up inside  
One day I finally came unwound  
I jumped off the deep end to get a bird's eye point of  
view  
And it's a long way down

(CHORUS)

It's a long, it's a long way down  
It's a long, it's a long way down

If you ever get confused, you don't know where to turn  
Go check with the lost and found  
And you'll find yourself at the end of your own rope  
And it's a long way down

(REPEAT CHORUS)

But these days I'm flying high  
I'm walking on the wind  
I'll never let my feet touch the ground  
I just turn off the evening news so I don't lose my faith  
Cause it's a long way down

(REPEAT CHORUS)
