Sketches and edges of pictures so perfect
Haunt my memory
And girl I still weep
Cause I keep you within
I'm so sorry I let you go.

Lovers forever a phrase I remember
Now seems so unkind
The world that I knew
Is the world that is now
Somewhere lost in time, somewhere lost in time.

If I could find a way
Make you wanna stay
Share my life with you
I don't know how
Guess I'll make it somehow, baby
Maybe I'll get through
But what is it gonna take?
To get me over you.

Tears mixed with fears
Contradictions arise
Ramble through my mind
That all the things that I've been looking for
I will never find, I will never find.

If I could find a way
Make you wanna stay
Share my life with you
I don't know how
Guess I'll make it somehow, baby
Maybe I'll get through
But what is it gonna take?
To get me over you.

Chorus

Ah, ah, ah, ah, ah, ah, yeah, yeah
What is it gonna take, what is it gonna take?

Ah, ah, ah, ah, ah, ah, yeah, yeah
What is it gonna take?
To get me over you.
Repeat chorus it's enough
Music and lyrics by jon secada and miguel morejon

Out of sight then out of mind
It's not as easy as I expected
Is the reality I find
And it's sad to hear it
And it's sad to talk about it
Cause, baby, I still need you
Feel the need to hold you
Baby, I still care.

It's enough to know
That I'm always gonna love you
All my life
And to let you go
It's enough to say goodbye.

What I wanted, what I want
Are simply not the same things
But it's too late to turn back time
Still I want to tell you
That I'll always be right here for you
No matter where you go
No matter what you do.

It's enough to know
That I'm always gonna love you
All my life
And to let you go
It's enough to say goodbye.
