[Hook: 1-Kemo 2- Kaos]

1- From my block to yo block

I'm on that eastside

2- Who is heard or what about them

On the eastsiiiiide

1- From my block to yo block

I'm on that westside

We're undercovers wit them bulletproof vests right

From my block to yo block

I'm on that southside

Derty expecting bout a g string on his mouth now

From my block to yo block

I'm on that northside

Where them gorillas thurl wig-splitters let them sparks
fly

[Verse 1: Kemo]

Where yo heart lie, in the middle of College and Carter

Where Cast slaughtered his daughter

Now you askin Kemo where was he brought up

Down on Sherry where nobody's scary, where bodies
get buried

Catchin fools like Donald Ferry, on streets like Hotter
Than Terry

John and Prairie, Al Cogbeed and Blood Nathan,
funerals, bridges

And deacons, a different wake every weekend

Them cats on Accomac be creepin

Pullin them Jags 3 deep and four on Audubon tried to
catch me sleepin

Rollin garashee in a Cherokee jeep and while they tried
to stop my shine

Like Benesian, dumpin out of '81 Perisian, everybody
duckin for cover

As I keep releasin, releasin without no reason

[Bridge: Kaos]

They speedin, left speakers rollin up to the spot

And we do it like you do it in St. Louis, its hot

[Hook]
