Feat. J. Cash

[JON YOUNG]

When the road gets rough  
And you had about enough  
And you feel like givin up  
Just remember that it ain't over  
So when it feels like you're by yourself  
Stay grindin and you'll find all you need is yourself

When the road gets rough  
And you had about enough  
And you feel like givin up  
Just remember that it ain't over  
So when it feels like you're by yourself  
Stay grindin and you'll find all you need is yourself

Don't rely on nobody cuz all you need is you  
Don't rely on no one to get the job done  
Don't rely on nobody cuz all you need is you  
Don't rely on no one to get the job done

[J.Cash]

Yeah, it may seem hard  
Everyday is like a struggle  
But I ain't gon stop  
Work through it, yea I hustle  
On the streets they bustle  
Like life be, moving at lightspeed  
Just slow it on down,  
Cuz you too can be like me  
You got a dream, reach for it  
Don't let em stop you  
Let um talk, let um hate  
But don't let em knock you.  
You got a plan, stick to it  
Don't give it up  
Cuz if you did then you won't ever be able to live it up  
And don't be worrryin bout lettin sumone else down  
Cuz in the end you only got yourself  
So stand up proud.  
And let me hear ya say yes I'm guna make it

Scream it loud so they know what life gives you when  
you take it

Ey you might get a lil help along the way  
But it's on you, if you don't come through  
You can only blame who? That yourself  
Ain't nobody finna take the blame  
Not even Akon you gotta do your own thing  
It don't matter who you got in your corner  
If you decide to up and quit then it's on your shoulders  
It all comes down, to you and yourself  
Just me, myself, and I can't rely on no help  
Cuz you never really know what's along the bend  
Your girl might cut u loose, or you could lose your best  
friend  
Then you're back to square one, all alone on your own  
But all you need is you so keep on.
