(feat. J Cash)

CHORUS (JON YOUNG):

So tired, so sick
Of yo shit
Its ova
Everytime i turn around
U right ova mah shoulda

I can't live witchu all up in my grill
I don't undastandi wish that u could just chill

BREAKDOWN (JON YOUNG):

No matter what i do
Its neva good enuff fo u

I keep on tryin 2 please ya
But i don't need ya
If u goin be trippin
Everytime i see ya

VERSE 1 (JON YOUNG):

Sick & tired of all the questions
Its gettin a bit much
Every button that i touch
Sets u offand then im fucked

Cuz no matter what i do or what i say
Im always wrong
If i call then im callin too much
Or not at all

Either way i'm messin up
I'm fightin a losin battle
The winners been determined
So im finna put down my paddle

Cuz im sick of alwayz playin this game
Its gettin old
Girl u know i aint cheatin
U jus wanna be in control

But i can't be havin that
Cuz im a grinder and u know this
U need 2 jus chill
Consider this ur final notice

I got thangz to do
Deal wit it or girl im dunzo
If u trip over sum shit again
U goin be solo

My fundz low

So i gotta get back on my grind
No more givin in when u trippin
Im wastin time

U know i aint finna do u wrong
That's why im sayin chill
Wit me u always know the deal
Girl i always keep it real

VERSE 2 (J CASH):
Just got in the door,
And there you was waiting
But not to greet me,
Just to start with your interogating

Where I been?
I told ya, I was with my friend.
Oh my god, here we go with this ish again.

I aint gotta prove myself,
I been did that.
I done got you everything you need,
And then that.

So I aint answer my phone,
And now u all mad at me
Think Im cheatin
When you see I got a low battery.

Its like you feed on drama,
And I don't need that.
Always over my shoulda,
So Ima leave that.

You need to understand,
N I don't think Im wrong,
That Once n awhile
I need some myspace like .com

N Same goes for the fellas,
You need to trust yo lady.
Jus hold on loosely
Clingin too tight gonna drive her crazy.

But I done found a good one,
And damn she keep it real,
You havin problems, talk about it
Tell em Just Chill
