So go on and do ya own thang
Don't worry bout me
I'm be jus fine, You can sleep soundly
No tossin and turin is needed on my behalf
I'd rather see you get money
And pass right by my ass
I respect success and all of those who really try
Like my man Fif say
Get money and go die
Go and reach for the sky
I'm bout livin shit, livin sprees everyday
Ain't no time to be pissed
Life's too short to spend it being sour
I try and make it sweet so I grind every hour
Go on and do yo self a favor
And better your situation
I'm good over here
I done had enough hatin'
