Feat. J. Cash

Ridin clean even though we broke
Even though we broke (x3)
Ridin clean that's all I know candy paint and 24's

I'm ridin man, I'm grippin grain, my caddy's sittin on
them things

I'm swingin man I'm switching lanes
Left left two right, my trunk it bangs
They hatin cuz I'm ridin clean
My paint looks like a tangerine
Dippin since I was 16
Cuz ridin man, I love the scene
I don't need no clubs, No I don't do drugs
Jus give me my dubs and them subs
I don't care if they're rubs
I'll lift it up
Come next summer I'll switch it up
I love this stuff, man it's my life
Bills piling up but my ride look nice
That aint no joke, this aint no lie
I maybe broke but I'm ridin right
All day all night I'm on these streets
I'm playin like piano keys
While Jon Young makes those bangin beats
And me I spit Mcincomplete
But ya'll to ride
You slide and bump your head
And you causing vibe
Do I do this for you
And all my folks we lookin good
Even though we broke

Ridin clean even though we broke
Even though we broke (x3)
Ridin clean that's all I know candy paint and 24's

(Yeah... Aye)

I feel like ridin baby
Man I'm always grindin daily
I never seem to get ahead, I've been so stressed lately

So fuck it man I'm out the door, and then I hit the road
Windows down, system up
Lookin clean on 24's
Oh yeah they real wheels
They don't know that I got a deal
Broke as fuck, but lookin fresh
Bet you think that my chains is real (HA)
But that's life, we can't all be some millionaires
Gotta have the bad, to have the good
I know this shit aint fair
But don't trip, cuz you can live without a million dollars
Even though we broke we ride clean
In the old impalas
Don't get it wrong pimpin'
I'm still out here grindin
But if this shit don't pop off
Imma still be smiling

Ridin clean even though we broke
Even though we broke (x3)
Ridin clean that's all I know candy paint and 24's

Ridin clean even though we broke
Even though we broke (x3)
Ridin clean that's all I know candy paint and 24's
