Look at what I've gained, I've earned
Since I've been here on this earth
I've collected everything that was of value and of worth
But there was always something missing inside of me
(Always something missing, always something)

People that could give to me, I always held in high esteem
And I would stab you in the back to gain popularity
And then You came into my life and I realized
(You came into my life You came into)

Everything I have is trash
Compared to knowing who You are
Everything is trash compared to knowing You
(All that matters is You)

Since you came along, I've had to re-evaluate my heart
Then I realized that I was blind from the very start
Because without You there is nothing worth anything
(There is nothing, there is)

Everything I have is trash
Compared to knowing who You are
Everything is trash compared to knowing You
(All that matters is You)

So take my heart and take my soul
(Yeah, yeah, yeah)
Instill in me what matters most
(Yeah, yeah, yeah)

All that matters is You
All that matters is You
All that matters is You
All that matters is You

Everything I have is trash
Compared to knowing who You are
Everything is trash compared to knowing You
(All that matters is You)

Everything I have is trash
Compared to knowing who You are
(Yeah, yeah, yeah)
Everything is trash compared to knowing You
(All that matters is You)

Compared to knowing You
(All that matters is You)
Everything is trash
(All that matters is You)
Compared to knowing You
(All that matters is You)
All that matters is You
