I know you're scared
I know it hurts
This life holds no punches
Thought I'd fight for you
No hooo

I said I cared
Then you got burned
Should have followed your hunches
Let you bleed, incomplete
Just couldn't see it through

Suppose that's how it goes
When you play with bows and arrows
Bitter sweet release
It cuts you to the marrow
Suppose that's how it goes
When you play with bows and arrows
Said I'd see it through
But it went right through you

A million tears
A million fears
A million I'm so sorries
Just not supposed to be
No hooo

Don't get me wrong
I'm not that strong
Just can't run from the feeling
We'll take our hit
The pain will quit

You'll get back on your feet
Heyi yeahi yeah

Suppose that's how it goes
When you play with bows and arrows
Bitter sweet release
It cuts you to the marrow
Suppose that's how it goes
When you play with bows and arrows

Said I'd see it through
But it went right through you

We can't go back now and rewrite it
Would it even change things if we knew?
Said I'd see it through
But it went right through you
(right through you)

Suppose that's how it goes
When you play with bows and arrows
Bitter sweet release
Cuts you to the marrow
Suppose that's how it goes
When you play with bows and arrows
Said I'd see it through
But it went right through you
(right through you)
