Sittin' here wishin' wishin'
That you were here kissin' baby
'Cause I've been here missin'
What you do

Feel the sensation beyond imagination
Another hot situation
Is gonna come to you
I'm on a mission baby
So get what I'm dishin' honey
We ain't doin' fishin' girl
You know that's true
Here's the conditions
You gotta pay the admission
And then assume the position
You know what to do

Just step inside girl
Into my world
Gonna make you high
Ain't no reason to fight the feelin'
Anymore tonight

Put the quarter in
Take me for a ride
Put the quarter in
Right between the thighs
Put the quarter in
Step inside
Slip and slide

Tonight I'll be creepin' baby
No you won't be sleepin' honey
'Cause we'll be pickin' in your bed
Soon we'll discover when you're
Under the cover
That you might not recover
Once I'm in your head

Just step inside girl
Into my world

Gonna make you high
Ain't no reason to fight the feelin'
Anymore tonight

Put the quarter in
Take me for a ride
Put the quarter in
Right between the thighs
Put the quarter in
Step inside
Slip and slide

Don't de so pickle, two dimes and a nickle
You won't be alone
Drop me a quarter
The pony ride is gonna take this girlie home

Well there ain't no reason
To fight the feelin', anymore tonight

Put the quarter in
Take me for a ride
Put the quarter in
Right between the thighs
Put the quarter in
Step inside
Slip and slide

Put the quarter in
Take me for a ride
Put the quarter in
Right between the thighs
Put the quarter in
Step inside
Slip and slide

Put the quarter in !
