Yeah
Yeahh

I was in the background, baby
Fading out the fuel
She was on the front line
Shouting, "Start up the room"
I want to get closer
But there's nothing I can do
What a shame (Yeah, yeah)

I'm heading for the exit
Guess it's time to hit the road
I wish she was with me
'Cause I, I just never know
I pull the car up, thinking pedal to the floor
About to take off and she opens up the door

She said, "Let's get going. We've got time,"
I can see that look inside her eyes, yeah
And to my surprise it was all green lights
Life's a crazy ride
So get in the car and drive
Come on now
Yeah

We were in the fast lane, going to who knows where
No destination but you don't seem to care
She kept me guessing with the moonlight in her eyes
So fierce now (yeah, yeah)
I stopped to question all the things that I don't know
She doesn't answer she just turns up the radio, yeah

She said, "Let's get going. We've got time"

(We got time, we got time)
I can see that look inside her eyes
And to my surprise (and tomy surprise) it was all green
lights
Life's a crazy ride
So get in the car and drive

Sometimes in life, moments arrive
Things don't turn out the way you planned
So never think twice
Just get in the car and drive
Yeah, yeah
Come on now, come on now
Listen

She said, "Let's get going. We've got time" (We've got time)
I can see that look inside her eyes, hey
And to my surprise (my surprise) it was all green lights
Life's a crazy ride (Life's a crazy ride)
(Get in the car and drive)

She said, "Let's get going. We've got time" (We gotta drive, we gotta drive)
I can see that look inside her eyes, yeah (I see that look inside your eyes)
And to my surprise it was all green lights
Life's a crazy ride
You just can't think twice
So get in the car and drive

Yeah
