Oh oh oh (yeah yeah)
Oh oh oh
Oh oh oh

On the edge
Of something real
I have a choice
But I don't know what to feel
Getting tired of all this fear
Before I choose
Let me know that you'll be here
Let me know that you'll be here

'Cause I'm not afraid to fall
If you're the one who catches me
Tell me that you'll be there when I'm
About to lose it all
You're the one who helps me see
That sometimes it's okay to fall
(To fall)

When I'm far away from where you are
It's okay 'cause we're under the same stars
I'm laying down this heavy load
Maybe now I can finally let this go
I can finally let you know

'Cause I'm not afraid to fall

If you're the one who catches me
Tell me that you'll be here when I'm
About to lose it all
You're the one who helps me see
That sometimes it's okay to fall

To fall (x8)

I'm not afraid to fall
If you're the one who catches me
Tell me that you'll be here when I'm
About to lose it all
You're the one who helps me see

That sometimes it's okay to fall

Oh oh oh (I'm not afraid to fall, if you're the one who
catches me)

Sometimes it's okay to fall

When I'm about to lose it all

You're the one who helps me see

That sometimes it's okay

It will be okay

Sometimes it's okay to fall

I'm gonna fall
