Mic check  
Can you hear me?  
Gotta know if I'm coming in clearly  
Static through the speakers  
In a second, your heart will be fearless  
Taken for granted  
Right now, you can't stand it  
Break down  
It's a show down  
Got to scream it out loud

'Cause I'm not fakin'  
Girl, I'm just sayin'

Hey you, hey you  
Now we're into something new  
Hey you, hey you  
Now you're feeling like I do  
Come on, shout it  
Let's leave the past behind us  
Come on, shout it out  
Hey you

Not open to suggestions  
I'm dreaming of you and me dancing  
No one's interferin'  
Gotta do it ourselves  
We don't need 'em  
Long as we're together  
We won't want anybody else, baby  
Tell me if you're ready  
'Cause tonight you will see

That I'm not fakin'  
Girl, I'm just sayin'

Hey you, hey you

Now we're into something new  
Hey you, hey you  
Now you're feeling like I do  
Come on, shout it

Let's leave the past behind us  
Come on, shout it out  
Hey you

You doubted me  
And you trusted me  
And I made you see  
How to find your relief  
I don't know what to say  
Get on your way  
I gotta hear you scream

Hey you, hey you  
Now we're into something new  
Hey you, hey you  
Now you're feeling like I do  
Come on, shout it  
Let's leave the past behind us  
Come on, shout it out  
Hey you

Hey you, hey you  
Now we're into something new  
Hey you, hey you  
Now you're feeling like I do  
Come on, shout it  
Let's leave the past behind us  
Come on, shout it out  
Hey you
