Everytime I think I'm closer to the heart
Of what it means to know just who I am
I think I've finally found a better place to start
But no one ever seems to understand

(PreChorus)

I need to try to get to where you are
Could it be your not that far

{Chorus}

Your the voice I hear inside my head
The reason that I'm singing
I need to find you
I gotta find you
Your the missing piece I need
The song inside of me
I need to find you
I gotta find you (Oh YEAH)

YEAH, YEAH

Your the remedy I'm searching hard to find
To fix the puzzle that I see inside
Painting all my dreams
The color of your smile
When I find you
It will be alright

(PreChorus)

I need to try to get to where you are
Could it be your not that far

{Chorus}

You're the voice I hear inside my head
The reason that I'm singing
I need to find you
I gotta find you
Your the missing piece I need
The song inside of me
I need to find you
I gotta find you

Been feeling lost can't find the words to say
Spending all my time stuck in yesterday
Where your are is where I wanna be
Oh next to you
You next to me
Oh

I need to find you
YEAH,

{Chorus}
You're the voice I hear inside my head
The reason that I'm singing
I need to find you (need to find you)
I gotta find you(YEAH, YEAH)
Your the missing piece I need (missing piece I need)
The song insde of me
I need to find you
I gotta find you (I gotta find you)

{Chorus}
Your the voice I hear inside my head
The reason that I'm singing
I need to find you (need to find you)
I gotta find you
Your the missing piece I need
The song insde of me
I need to find you (need to find you)
I gotta find you (need to find you)

YEAH, YEAH

I gotta find you
