[Verse 1:]

Take my hand tonight  
We can run so far  
We can change the world, do anything we want  
We could stop for hours just staring at the stars  
They shine down to show us

[Chorus:]

You know when the sun forgets to shine  
I'll be there to hold you through the night  
We'll be running so fast we could fly tonight  
And even when we're miles and miles apart  
You're still holding all of my heart  
I promise it will never be dark  
I know we're inseparable

[Verse 2:]

We could run forever if you wanted to  
I would not get tired  
Because i'd be with you  
I'll keep singing this song until the very end  
We'd done all these things  
yeah

[Chorus:]

You know when the sun forgets to shine  
  
I'll be there to hold you through the night  
We'll be running so fast we can fly tonight  
And even when we're miles and miles apart  
You'll still be holding all of my heart  
I promise it will never be dark  
I know we're inseparable

[Bridge:]

I would give it all  
Never let you fall  
'Cause you know we're inseparable  
I would give it all  
Just to show you I'm in love  
'Cause you know we're inseparable

[Chorus:]

You know when the sun forgets to shine  
I'll be there to hold you through the night  
We'll be running so fast we can fly tonight  
And even when we're miles and miles apart  
You'll still be holding all of my heart  
I promise it will never be dark  
I know we're inseparable
