I can feel you all around
In the silence I hear the sound
Of your footsteps on the ground
And my heart slows down
So now I'm

I'm waiting for the moonlight
So I can find you
In this perfect dream
Don't think that you can
Hide there in the shadows
Girl your not invisible
Your all that I can see

Ohhh Oh yeah

Somethings changing deep inside
All my hopes are comin' alive
As we're fading into the night
I can see your eyes
So I keep on

I'm waiting for the moonlight
So I can find you
In this perfect dream
Don't think that you can
Hide there in the shadows
Girl your not invisible
See the darkness
Believe we can make this
All we wanted is to be
We can stay forever
Cause when we're together
Stuck in this fantasy
I don't wanna leave

And I'll keep waiting for the moonlight
So I can find you
In this perfect dream
Don't think that you can
Hide there in the shadows
Girl you're not invisible

I'm waiting for the moonlight
So I can find you
In this perfect dream
Don't think that you can
Hide there in the shadows
Girl you're not invisible
Girl you're not invisible
You're all that I can see

And my heart slows down
