They say you'll know when you really find the one
But it's hard to tell with the damage that's been done
But I'd like to say that it's your fault but I know better
Cause I'm a fool to think you'll wait around forever

Maybe I could have loved you
Maybe I could have shown
That I still do care about you more than you could know
Don't say it's too late to try
To make it right
Oh, to make it right
Yeah

I didn't know how good you were for me
Now it's clear I'm seeing all that we could be
And I know that it's my fault but I'm gonna treat you
better
Cause if I had one wish you'd be with me forever

Maybe I could have loved you
Maybe I could have shown
That I still do care about you more than you could know
Don't say it's too late to try
To make it right
Oh

Is there something I could say
Show me how to break it down
So before you walk away
Take the time to turn around and listen to me now

Maybe I could have loved you
Maybe I could have shown
That I still do care about you more than you could know
Don't say it's too late to try

Maybe I could have loved you
Maybe I could have shown
That I still do care about you more than you could know
Don't say it's too late to try
To make it right
Oh, to make it right

Make it right
Gonna make it right
Oh, yeah
