I saw you on somewhere  
in a car with someone.  
i thought that you were  
scamming me.but you did.  
i need to say goodbye with  
a crying voice.

i don't know why.i don't  
see why.oh oh.your counting  
my life its down tonight.  
you came to the door and said  
sorry.but i slam the door in your  
face.

out of your mind  
out of your mind  
out of your mind  
out of your mind  
if you said i promise you  
you lie.we did not kiss  
you said its not going to  
be rude.your out of your mind

you on valentines.

eyes in a while.you trusted  
me i trusted you.rain is coming  
on me.yeah oh oh.not of course
