Baby girl I'm just a bit confused  
You've been acting like you been abused  
By me lately  
What's going on?

All I do is treat you with respect  
All the best and never nothing less  
But you continue to cry  
And I just don't know why

What did I do to your heart  
What did I do to your heart  
Did I break it, apart  
Did I break it, your heart

What did I do to your heart  
What did I do to your heart  
Did I break it, apart  
Did I break it, your heart

All I ever get is attitude  
Constant never-ending bad mood  
From you baby, what's going on

All I need is just an answer please  
So I can show you what you mean to me  
But you continue to cry  
And I just don't know why

What did I do to your heart  
What did I do to your heart  
Did I break it, apart  
Did I break it, your heart

What did I do to your heart  
What did I do to your heart  
Did I break it, apart  
Did I break it, your heart

Whoo

What did I do to your  
What did I do to your  
Yeah

What did I do to your heart  
What did I do to your heart  
Did I break it, apart  
Did I break it, your heart

What did I do to your heart  
Tell me, What did I do to your heart  
Did I break it, apart  
Did I break it, your heart
