WORLD WAR III

Ya....

Ya.....

Woo....

Tonight I walked into the bedroom

You were visibly upset

Tellin' me I made a bad move

But I didn't do nothin'.

You start screamin' wake the neighbors

Now everybody's out for blood.

Didn't want no confrontation.

'Cause of you that's what I got.

Well, you gotta chill out cause baby I don't wanna'
fight with you.

Every battle we fought just made us look like fools.

No, you can't have a World War III

If there's only one side fighting

And you know

Woah oh

That there's lessons left to learn

Every time you attack

Doesn't drive me to fight you back

Then I know

Woah oh

That I'll never let it be World War III

World War III

Let me tell 'em.

Now you're rounding up your army

Turning all your troops on me

Telling lies just to feel happy,

But I won't retaliate.

No, you can't have a World War III

If there's only one side fighting

And you know

Woah oh

That there's lessons left to learn

Every time you attack
Doesn't drive me to fight you back
Then I know
Woah oh
That I'll never let it be World War III

Well, you gotta chill cause baby I don't wanna' fight
with you.
Every battle we fought just made us look like fools.

No, you can't have a World War III
If there's only one side fighting
And you know
Woah oh
That there's lessons left to learn
Every time you attack
Doesn't drive me to fight you back
Then I know
Woah oh
That I'll never let it be World War III

Not gonna let a World War III

Every time you attack
Doesn't drive me to fight you back
Then I know
Woah oh
That I'll never let it be World War III
World War III, World War III
