Yeah!

Tonight I walked into the bedroom
You were visibly upset
Telling me I made a bad move
But I didn't do nothing
You start screaming, wake the neighbours
Now everybody's out for blood
I didn't want no confrontation
Because of you that's what I've got
Well you got to chill out
Cause baby I don't want to fight with you
And every battle we've fought
Just made us look like fools

No you can't have World War III
If there's only one side fighting
And you know
Woah oh
That there's lessons left to learn
Everytime you attack
It doesn't drive me to fight you back
And then I know
Woah oh
That I'll never let it be World War III
World War III
Let me tell em

Now your rounding up your army
Turning all your troops on me
Telling lies just to feel happy
But I wont retaliate
No

No you can't have World War III
If there's only one side fighting
And you know
Woah oh
That there's lessons left to learn
Everytime you attack
It doesn't drive me to fight you back
And then I know
Woah oh

That I'll never let it be World War III

Well you got to chill out
Cause baby I don't want to fight with you
And battle we've fought just made us look like fools

No you can't have World War III
If there's only one side fighting
And you know
Woah oh
That there's lessons left to learn
Everytime you attack
It doesn't drive me to fight you back
And then I know
Woah oh
That I'll never let it be World War III
Not gonna be World War III

Everytime you attack
It doesn't drive me to fight you back
And I know
Woah oh
That I'll never let it be World War III

World War III
